

ORIENT MYSTIQUE

Silk & Pearl Beauty Care

Orient Mystique, known in China as 'Source of Silk', is a 700-yr.old formula once available exclusively in the Ming Dynasty Imperial Courts. When the Mongols leaders ordered a cure for their rough skin brought about by years of exposure to the desert heat, the court physicians created and then perfected a formula used by the ladies of the court for centuries.

Orient Mystique has taken this original formula, replete with amino acids, humectants and potent anti-oxidants, and added a cutting edge delivery system that insures penetration to the deeper skin layers. This scientific advancement allows for more than just superficial moisturizing as with other "face creams". Our carrier system allows nourishing molecules from pearl and silk components to reach regenerative skin cells and make a remarkable difference in the skin's tone and elasticity. In addition, you will find an overall reduction in the appearance of lines and wrinkles truly amazing.

SILK & PEARL DAY CREAM:

You will begin to notice a glowing softness that prepares skin for flawless make-up coverage or just glowing, healthy bare skin immediately after using our Day Cream. Over the course of three weeks, you will see extraordinary improvement in moisture balance, clarity and elasticity.

Ingredients: Distilled Water, Hydrolyzed Pearl Liquid, Silk Powder, Lanolin, Isopropyl Palmitate and Propylene Glycol.

SILK & PEARL NIGHT CREAM:

Our Night Cream complements our Day Cream by providing concentrated, active Vitamin C to the deeper skin layers where new skin cells form. While you sleep, your skin receives an intense night-time dose of Vitamin C plus highly effective pearl and silk amino acids for nourishment and repair during the regenerative cycle. Your skin is rejuvenated and replenished as never before. This non-greasy cream absorbs instantly without rub-off for maximum efficacy.

Ingredients: Distilled water, Hydrolyzed Pearl Liquid, Ascorbic Acid, Jajoba Oil (moisturizer), Cetyl Alcohol and Glycerin.

BIO-GOLD PEARL CREAM: Intensive Repair Formula

Shaped like a string of pure white pearls, one bead of bio-gold per treatment delivers the strongest known moisturizing humectant to fine lines and wrinkles. The result is an immediate noticeable softening and a permanent reduction in the appearance of lines and wrinkles with continued use. Apply Bio-Gold directly to lines around the eyes and nose-to-mouth areas at night after cleansing and before application of your Night Cream. Our formula is so effective, it will even work on lines around the neck and décolleté.

This formula contains a mega-dose of penetrating amino acids, anti-oxidants and vitamins that stimulate collagen production and help regenerate tissues in the creases of facial wrinkles. Within a month, you will see definitive improvement in the areas of application.

Of course, nothing can prevent wrinkles. However, consistent use of Bio-Gold delivers the anti-oxidants and nutrients shown to delay the signs of aging and produce softer, more youthful looking skin particularly in damage-prone areas.

Ingredients: Bio-gold, Extracts of Ginseng ganoderma, Hydrolyzed Pearl (Amino Acids), Vitamin E and Hyaluronic Acid (humectant).

PHYTO-SILVER BALANCING DAY CREAM: Brightening Formula

Are you troubled by skin discolorations and blotchiness? Have you found other creams ineffective in eliminating these spots? If so, you will love this highly effective formula. In addition to the regular benefits of pearl and silk amino acids, these cream beads contain a large dose of a proven, effective skin brightener.

In the journal "Pigment Cell Research", the Licorice extract in our brightening formula was shown to be the ingredient of choice for the resolution of skin discolorations caused by aging and sun damage. Unlike harsh *hydroquinone*, which can cause peeling and scaling, Licorice extract is gentle while producing similar results.

Asian women, who highly value white and even-toned skin rely on this formula to produce consistent results. Begin with spot treatment and progress to all over application once or twice a day.

Ingredients: Bio-Silver, Licorice Extract (skin lightening agent), Hyaluronic Acid, Vitamin E.
