### CARDIO FOR LIFE L-ARGININE SUPPLEMENT BENEFITS

Cardio For Life L-Arginine Supplement contains 100% pure free-form l-arginine combined with a potent, synergistic combination of all natural ingredients. The medicinal benefits of l-arginine were authenticated by Dr. Louis Ignarro and two other American scientists who were awarded the 1998 Nobel Prize in Medicine for their discovery that the body uses a gas molecule called nitric oxide (NO) to relax and widen blood vessels. This discovery has generated a frenzy of interest in the pharmaceutical and nutraceutical industries. Cardio For Life also contains AstraGin, a proprietary nutraceutical which is shown to maximize cellular assimilation of amino acids, vitamins, minerals and glucose. AstraGin increases chemicals in the human body known as transporter mRNA. These chemicals control the absorption of vital nutrients into the intestinal walls and regulate the bioavailability of essential vitamins and nutrients. This results in an improvement in general wellness, strength, energy levels, stamina, sense of well being, blood glucose levels and lean muscle mass. Cardio For Life combines l-arginine with grape seed extract, resveratrol, CoQ10, omega 3 from perilla oil, and a number of additional essential vitamins, antioxidants and fulvic minerals known to support heart health. As l-arginine derived nitric oxide begins to do its work, the powerful antioxidants within this formula begin to repair and rebuild the diseased arteries within your body. With Cardio For Life, you have an incredibly powerful synergistic combination of nutraceuticals at an affordable price.

Available In Peach, Pina Colada, Orange, Grape flavors.

### Customer Reviews

I am a Zumba Instructor and I take this an hour before my class. It's gives me all the energy I need, even when I've had a restless night. I highly recommend this product and glad to see that my favorite site carries it.

Cardio 4 Life is very tasty when I mix it with grape and pomegranate juice. I feel more energetic and I'm sleeping well through the night.

*Monika* ★★★★★

Excellent product. I am 68 and notice my endurance has improved, blood pressure is down and sleep is much better. I have also added a 4th day per week to my gym routine.
